Lisa Smith : Unschooled before purchasing it in order to gage whether or not it would be worth my time, and all praised Unschooled:

0 of 0 people found the following review helpful. Compelling! Inspirational! Experience the downfall, betrayals, selfishness and selflessness By sally stang Of what an emotional and physical addiction can destroy. And how the realization and acceptance of this illness can be the force to change. Ms. Smith's writing is sincere, shocking, and , courageous. A must read for anyone struggling with life's challenges 2 of 2 people found the following review helpful. READ THIS BOOK! By Justin What a fantastic book! I thought Lisa Smith did a phenomenal job of detailing the painful struggles of addiction. For a first time author I was most impressed with her maturity and control of the pace. Often times she let moments hover to be examined--but what I was more impressed by the times that she didn't hover. In those moments the author conveyed more about the protagonists motives and thoughts then had she spent ten pages on the same brief moment. If you are looking for a good summer read on the beach this would be it! 2 of 2 people found the following review helpful. Gripping and Real By Jocelyn B. What incredible insight into a remarkable woman's journey! This memoir was so revealing and introspective, I read to from cover to cover in just a few hours. A glimpse into the struggle of addiction was eye-opening and written so thoughtfully, I highly recommend it!

Drunken school teacher + an elite NYC private school = a disaster. On 9.11.01, Lisa faced her first day in the classroom. An addict since 12mdash;the same age as her studentsmdash;Lisarsquo;s deep descent into the party scene escalated. By day, an attractive, well-dressed instructor; by night a slutty alcoholic, cokeheadmdash;for over a decade. Wasted in class. High at prom. Showing up to school with a black eye from partying. Dreams of inspiring children turned to nightmares. This is Lisarsquo;s memory of her degenerate behavior.
